Career Objective

Aspiring Full-Stack Developer with strong skills in full-stack web development, problem-solving, and modern frameworks like React, Node.js, Django, and Express. Passionate about building scalable, user-centric applications and eager to contribute to high-impact projects at top tech companies.

Education

Shri Mathuradas Mohota College Of Science,
Nagpur BCA (Bachelor of Computer
Application) (CGPA: 7.24)

2022 – 2025

Skills

Programming Languages: Python, C++, SQL
Web Technologies: HTML, CSS, JavaScript.
Tools: AWS, MySQL Workbench

Frameworks: React, Node.js, Express, Django
Databases: MySQL, PostgreSQL, MongoDB
Version Control: Git, GitHub

Experience

Full-Stack Development Intern

Talentrise Technokrate – Nagpur, India | June 2025 – Present

- Developed responsive and interactive web pages using **React.js** and **Tailwind CSS**.
- Integrated **REST APIs** to dynamically render data-driven components across the application.
- Collaborated on backend development using **Node.js** and **Express.js**, ensuring smooth data flow and performance optimization.

Projects

SmartTask - AI-Powered Task Management Web App

Tech Stack : React, Node.js, Express, MongoDB, OpenAI API

- Built a productivity web app that auto-generates task descriptions and deadlines using GPT-based AI.
- Implemented JWT authentication, full CRUD operations, and responsive design.
- Designed scalable MongoDB schema with 5+ interconnected entities and real-time data sync.
- Deployed using Render and CI/CD pipelines via GitHub Actions.

Learnify - Online Course & Quiz Platform

Tech Stack : React, Django, MySQL

- Built an interactive course learning platform with user profiles, quizzes, and completion tracking.
- Designed efficient SQL JOINs and database views to analyze quiz performance and user progress.

- Developed role-based access control for Students, Instructors, and Admins using Django and REST APIs.
- Ensured responsive frontend using React and secure backend integration with Django views and serializers.

Technical Highlights

- Good knowledge of **Core Java** and **Object-Oriented Programming (OOP)** concepts.
- Proficient in using **Git** and **GitHub** for version control and collaboration.
- Strong understanding of web development concepts and full-stack technologies.
